DIRECTIONS

1. Preheat oven to 375° and line two baking sheets with parchment. Prepare sugar cookie mix according to package directions. Place about 1/4 of dough in one bowl and dye green using green food coloring until desired color is reached. Dye remaining dough blue until desired color is reached.
2. Pull out pieces from each color and start shaping into a 1" ball, patching if necessary to create an Earth effect.
3. Place cookie dough onto prepared baking sheets and bake 8 to 9 minutes, or until edges are set (try to prevent browning).
