

MARSHMALLOW POPS

What's red, white, blue, and yummy?
Patriotic marshmallow pops, of course!

What You Need:

- Lollipop sticks
- 6-8 large marshmallows
- 4 tablespoons chocolate chips
- Sprinkles in red, white, and blue
- Custard cup or other small microwave safe bowl
- Small plate
- Juice glass

What You Do:

1. Insert a lollipop stick into each marshmallow.
2. Count the marshmallow pops, then measure the chocolate chips and pour them into the microwave safe custard cup or bowl.
3. Microwave the chocolate chips for 30 seconds. Remove from the microwave and stir. If they haven't melted yet, continue to heat for 15 seconds at a time, stirring after each round. Keep an eye on the chocolate at all times; once the chocolate starts to melt, it will be ready very quickly. Don't microwave the chocolate for more than 15 seconds at a time or the chocolate could burn.
4. Decorating time! Dip a marshmallow pop into the melted chocolate, then hold it over the plate and sprinkle red, white, or blue sprinkles over it.
5. Place the finished marshmallow pop into the juice glass for the beginnings of a marshmallow pop display.
6. Repeat steps 4 and 5 with each marshmallow, varying the color of the sprinkles each time.

Share this sweet treat with the family after you enjoy a delicious meal!
